

ESCC – Serving Tea and Coffee on Sundays

The cell group should arrive at 8:30am.

Please do whatever you do with excellence. Please speak to a staff member if there are any issues that need attention.

| Cell Members Should Bring: |
|---|
| Ceylon tea (about 8-10 bags) |
| Rooibos tea (about 8-10 bags) |
| Small jar of PURE coffee (eg. Nescafe, Douwe Egberts etc) |
| Sugar (0.5kg) |
| FRESH Milk (2-3l) |
| Small biscuits/treats (optional) |
| 2 drying cloths & 1 washing cloth |
| Washing up liquid |

| To Do Before the Service: |
|---|
| If the urn isn't COMPLETELY empty, please empty before refilling. |
| Save the old water in the pots provided on the counter for washing up. |
| Refill the urn with fresh water (to just below the top) |
| Turn it on. Turn the thermostat button around to 110 degrees (max). You DON'T need to adjust it again – the urn will regulate the temperature. |
| Put out mugs, sugar bowls and spoons on the kitchen side of the hatch (keep the hatch closed until after the service). |
| Fill sugar bowls and milk jugs. |
| Put out 4 metal pots (one for Ceylon, one for Rooibos and 2 for hot water for coffee). |

| Serving Tea and Coffee: |
|---|
| Leave the service during the last worship song and check the urn. It should be hot. |
| Warm the pots, make tea and fill 2 pots with boiling water to make coffee with. Allow the tea to brew for a few minutes before pouring. |
| Open the hatch and put sugar, milk, teaspoons and biscuits on the shelf. |
| Please take the info desk volunteers some tea/coffee (order slip will be placed on the counter in the kitchen before the service). |

| Packing up: |
|---|
| Collect any mugs left on the foyer tables and in the hall. |
| Empty the urn into the pots provided on the kitchen counter. |
| Wash up and pack away the mugs, jugs and teaspoons. |
| Use any water stored in the large pot/s on the counter for washing. |
| Unplug the urn. |

Thank you so much for serving our ESCC family today. We appreciate you!
